

Czech championship PreO, ECTO #9

technical information

Organizer: Czech orienteering asociation

Technical organizer: Magnus Orienteering

Date: 19th September 2015

Centre: Javorník, gym of elementary school (50°23'28.166"N, 17°0'17.870"E)

Parking: in school areal and neighboring streets, no fee. Do not park on town square, it is a competition area! Is possible to transit through the square in directions Jeseník (south), Vidnava (east), Paczkow (north). Is forbidden to drive in direction Travna (west). Driving into the area is a reason for disqualification.

WC: In the gym there is a common toilet. For disabled there are two ToiToi cabins outside the building.

Registration desk: Saturday 19th September since 8:00 till 12:00 in event centre.

Entry fee:

E-Open, E-Para 250 Kč (10 EUR)

Junior, A-Open 150 Kč (6 EUR)

No additional entries allowed.

Classes: E-Open, E-Para, E-Junior, A-Open

Map: Město Javorník, 1:4000, E = 2.5 m, actual to 08/2015, ISSOM, waterproove. Is possible to move only on path in map marked by symbol „paved/unpaved path/road“ (light brown color). Is forbidden to use a stairs.

Competition area: marked on enclosed map. Entry to this area in other way then through the start leads to disqualification.

Zero tolerance: The zeros in the competition are clear and can be solved with map reading.

Terrain: Hilly chateau park, town of Javorník. 80% unpaved park paths, 20% paved (asphalt/concrete)

Course:

E-Open, Para, Junior: 1.6km / 10m / 23c,

A-Open: 1.6km / 10m / 14c, this class has no ZERO answer

Time controls for all classes are „in the first corridor“ before the start.

There is a one way between controls 21-22 (E) or 12-13 (A). After you step into this one way, you're not allowed to step back. Be careful that you have all controls punched before this leg. This one way is quite steep cobbled downhill with small step (10cm) at the end.

Limit: Open, Junior 120 min, Para 145 min (marked on map)

Start: 00=11:00, distance from centre 2.0km/75m (1.5km asphalt uphill, 500m field road moreless flat), blue/white stripes, we recommend 45 minutes to reach the start.

We ask competitors in Open to help competitors in Para during the way to start.

We allowed the Para class to go to junction to the field road by car. There is not so much space for parking so we please Para competitor to get out of the car and let assistant return the car to parking down in the town. There is a one ToiToi wheelchair accesable cabine on the start.

Finish: in terrain, marked by SI unit „FINISH” only, no refreshment, distance to event centre 600m. Maps will be collected until the last competitor starts.

Time control: Time control for all classes is „in the first corridor” before the start. There are two tasks, A-E, no ZERO answer, 60sec penalisation, warning after 50s. After solving the time control the competitor punch CLEAR + START SI-unit, receive map and starts the race.

Assistants: According the entry system ORIS we managed assistants for disabled.

Start list: on the internet, in event centre, on the start.

Punching: SPORTIdent. Every competitor must have his own SI-card (possible to rent for 100 Kč, 4 EUR).

In case of SI failure competitor punch to the map by pin to a control description field. For example (as you can see on the right picture), SI on station 13, 17 and 19 doesn't work. Your answer is A, C and Z. The red spots shows, how you would punch by pin then.

There is usually room for 30 punch in the SI-card, so be careful to multipunching.

A test punching device will be prepared in the event centre for everybody who wants to test it before the race. The device is carousel with several SI-units.

Every of this carousel is placed close to the decision point in terrain. Beware of designation of the carousel! Class E and class A uses the same carousel for different control number. This number is marked as it is showed on next picture on the left (E-Open, E-Para, E-Junior = 6, A-Open = 3)

SI read-out: in event centre

Results: on the webpage online, on the screen in the event centre.

Pricegiving ceremony: Right after the protest time is over. We expect it on 17:00 in event centre.

Refreshment: Restaurants in Javorník and surrounding, in event centre there is no refreshment.

Rules: Competing according the rules of Czech Trail-O, one timekeeper on time control, no referees on controls, several referees in terrain.

Complaints and protests: Complaints can be make verbally to main referee anytime for free. Protest can be make in written form after the complete results are published and protest time is announced (15 min) to main referee with fee 50 EUR. Protests against to final results can be make in 14 days on tomas.lestinsky@atlas.cz

Jury: will be announced when the registration desk will be closed.

Officials:
director, course setter, main referee: Tomáš Leštínský
opponent: Pavel Dudík

Jury: will be announced when the registration desk will be close.

Officials:

director, course setter, main referee: Tomáš Leštínský
opponent: Pavel Dudík

Qualification

Terrain: Old lime quarry, many terrain and vegetation objects. Model terrain for ETOC 2016 (Pre-O 2).

Course: 6 stations, each 5 controls and 4 tasks. TempO length: 700m. There is a minimum paths in the terrain so the ways for competitors will be marked by tape. Step outside this tape can lead to a disqualification.

Start: 00=10:00, distance 1.6km/30m (1.3km asphalt gently uphill, last 300m stony field road uphill with one big deep puddle), blue/white stripes, we recommended 30 minutes to reach the start. We ask competitors in Open to help competitors in Para during the way to start.

Competitors Para are allowed to use car to reach the start (on their own risk). There is no room for parking, so after the Para gets out of the car, assistant must immediately leave with the car to the parking. Please, don't park by the field road to the start!

A control card receives every competitor on the start.

There is a one ToiToi wheelchair accessible cabin on the start. You can use this toilet during the race (start is between station 5 and 6).

Start list: on the internet, in event centre, on the start. Because of big amount of entered competitors are the competitors divided into the two qualification heats. To final proceeds 15 the best of each heat.

Finish: the last TempO station

Limit: 30 sec./task, warning after 110 sec. Penalty 30 seconds.

Results: To final proceeds 15 the best of each heat.

Warning: The competition area is tightly neighboring to a ETOC 2016 embargoed area. Moving outside of the marked road means the break of the embargo!

Final

Terrain: Bicross racefield and surrounding park.

Course: 3 stations, each 5 controls and 4 tasks. TempO length: 100m

Start: 00=14:00, distance to quarantine 300m on asphalt, blue/white stripes.

Quarantine: For final there will be a quarantine in Latzel's villa. All qualified competitors must be in quarantine till 13:30. There is a wheelchair toilet and water.

Start list: on the internet, in event centre and in quarantine. Start list will be prepared after the qualification protest time. The best from qualification starts at the end of the final start list. Start interval 4 minutes.

Limit: 30 sec./task, warning after 110 sec. Penalty 30 seconds.

Results: Final race starts from zero. In case of the same reached time the result of the qualification will be used for setting the final order.

Notice:

All final stations are suitable for spectators. If you want to see it, please observe the race from the side of the railway station.
